

WHAT IS CLAIMED IS:

1. A damper assembly of a glove box, comprising:

5 a fixing member fixed to the rear part of the glove box
by means of screws, the fixing member having a fitting
protrusion formed at one side thereof; and

10 a damper having a fitting piece formed at one side
thereof, the fitting protrusion being fitted in the fitting
piece of the damper so that the damper is fixed to the fixing
member.

2. The assembly as set forth in claim 1, wherein the
fixing member is made of a plastic material.
